Description

- **Rolled Sugar Cone** – The cone is crispy and brown in colour. It contains no added preservatives or artificial flavouring and uses oil of plant origin. It complements your favourite ice cream and taste great even when consumed on its own.
- **Wafer Cup Cone** – Our wafer cone is crispy, delicate and tasty. It does not contain added preservatives, artificial colouring or flavouring and uses oil of plant origin.
- **Fan Wafer** – Our crispy fan wafer is formulated with a delicate, traditional confectionery taste that complements many dairy and non-dairy desserts. It contains no added preservation or artificial flavouring and uses oil of plant origin.
- **Danish** – Our waffle cone has a natural 'Wavy Top'. With a large opening at the top, it can accommodate toppings easily. The cone has a rich vanilla taste and the crunchiness is akin to hand baked cones. With its grandeur look, the cone is best served with premium ice-creams.
